

IRRUPT Joins Bastl Instruments and Bitwig at NAMM 2017

DENVER / BERLIN - JANUARY 10, 2017 - IRRUPT, a premium sound design company, **Bastl Instruments**, a dynamic and community driven company focused on producing hand-made electronic musical instruments, and **Bitwig**, a multi-platform music-creation system for production, performance and DJing, join together to showcase a special cross-collaboration at [NAMM 2017](#).

From January 19-22, 2017 - IRRUPT, Bastl, and Bitwig will attend NAMM 2017 in Anaheim, California at the Anaheim Convention Center. Visit and engage with them at the ALEX4 Booth, Exhibit Hall B, Booth 4911. IRRUPT, Bastl, and Bitwig will be meeting with artists, press, distributors, retailers and members of the music community about new and upcoming offerings, and demonstrating a production and performance collaboration.

Bastl Instruments

Bastl Instruments is dynamic and community driven company focused on producing hand-made electronic musical instruments. The products we make mainly spring from our needs we have as musicians and range from tabletop instruments and utilities to modules for eurorack modular systems. We are based in Brno, Czech Republic where we also run a small shop called noise.kitchen. It all started in 2011 as Standuino and transformed into Bastl in 2013.

Bitwig

Bitwig Studio is dynamic software for creation and performance of your musical ideas on stage or in the studio. Discover the new standard in customized workflow. Bitwig Studio inspires you to take greater control of your music, giving you access to every aspect of your production. Streamline your creative process and quickly evolve your ideas into complete songs, tracks and compositions. Record and arrange, improvise and perform, or do it all at once. Welcome to the next generation of music creation and performance software for Windows, Mac OS X, and Linux.
